Dear Alisha,

Congratulations on being certified!

We are pleased to inform you that **Alineds, LLC** meets the criteria established by the **US Pan Asian American Chamber of Commerce Education Foundation (USPAACC)**. It is now certified as an Asian American/Minority-owned Business, and a registered member in good standing with USPAACC.

Alineds, LLC will be added to USPAACC's list of certified Asian American suppliers. USPAACC will refer your company to corporations and government agencies to maximize your contracting opportunities with them. As a member of USPAACC and its unique circle of suppliers, we will be looking out for your interest.

Since we began our certification program in 1998, we have taken the arduous journey to educate Asian Americans about supplier diversity and the benefits to corporations, government agencies and Asian American suppliers. We are bridging the gap between our suppliers, corporate members and government partners in a number of ways. We know each supplier has unique needs and we pledge to help you to achieve your objectives.

If there are any changes in address, ownership, control, management, capabilities, and/or any other circumstances that could affect the eligibility of your company as an Asian American/Minority-owned business, please notify us immediately.

We look forward to seeing you and in close communications with you.

Best regards,

Susan Au Allen
National President & CEO
